RAJIV GANDHI INSTITUTE OF TECHNOLOGY, KOTTAYAM
KERALA, INDIA

Inaugural
BINO I. KOSHY SYMPOSIUM ON
TRANSPORT INFRASTRUCTURE FOR EMERGING INDIA

COLLABORATING DEPARTMENT:
CIVIL ENGINEERING

05
APRIL
2019

TIME & VENUE

Inauguration: 10:00am
Sopanam Hall
Admin Block, RIT

ORGANIZED BY
ISTE STUDENTS CHAPTER, RIT

DR. BINO I KOSHY
PROFESSOR, RIT KOTTAYAM

- RIT grew up with him
- A beloved and inspiring teacher, winner of best teacher awards
- A passionate researcher, reviewer of reputed technical journals
- Served as Head, Dept of Civil Engg, Coordinator TEQIP, General coordinator of Silver Jubilee Celebrations
- Founder secretary and long serving chairman of ISTE Chapter
- He brought new UG and PG courses including Transportation Engineering
- A visionary leader, he took the lead to build campus infrastructure
- Serving RIT from 1993

RAJIV GANDHI INSTITUTE OF TECHNOLOGY

Rajiv Gandhi Institute of Technology (RIT), Kottayam, one of the nine engineering colleges fully owned and run by the Government of Kerala started functioning in 1991. It offers Bachelor of Technology courses in five disciplines, Master of Technology in six specializations, Bachelor of Architecture (B.Arch) and Master of Computer Applications (MCA).

Over its 28 years of existence, RIT has built a strong reputation as one of Kerala's leading technological institutes. Situated in a scenic location, the campus provides an environment conducive to learning and achieving the academic and professional aspirations of the students. The campus with aesthetically laid out buildings, well equipped laboratories a team of well qualified teachers provides an ideal destination for the future technocrats.

RIT community is vibrant with many active hobby clubs and professional organizations like ISTE and IEEE.

ABOUT THE SYMPOSIUM

Though huge investment is made on Indian transport infrastructure to realize the nation's potential for development, the demand still far exceeds supply. This symposium, envisaged to be an annual event is named after Prof Bino I Koshy, a leading transportation engineering professional in Kerala, who is due to retire from government service this year.

With the broad theme "Transport Infrastructure for Emerging India", the symposium is aimed to bring out a vision for adapting latest research outcomes in traffic and transport planning practices and construction technology to tackle issues and challenges in Indian transport sector. Speakers include renowned personalities from top academic and research institutions and industry in the country.
